L'AZIENDA

The Company

COLD
ENGINEERING
TECFRIGO

Tecfrigo è un'azienda italiana a conduzione familiare, fondata nel 1980.

In brevissimo tempo si è affermata tra i marchi leader nella produzione di vetrine verticali e orizzontali per pasticceria, gelato, vino, buffet e molti altri modelli per gastronomia e supermercati.

L'azienda offre una gamma completa che unisce design, qualità e prestazioni elevate, con una visione "green" e un impatto ambientale molto basso.

Fortemente radicata nel territorio, da azienda artigianale si è evoluta in realtà industriale, utilizzando le **più avanzate tecnologie produttive e ampliando la propria gamma** di prodotti, dalle vetrine verticali e orizzontali a prodotti speciali al fine di esaudire le diverse esigenze espositive in più settori merceologici.

Nel 1993 viene creato il brand Cold Master e nel 2001 il brand Frostemily, al fine di ampliare la propria offerta e restare sempre in linea con le varie tendenze del mercato.

Ad oggi, grazie all'ampia scelta di prodotti presenti nel catalogo l'Azienda è in grado di soddisfare le richieste degli operatori delle più svariate categorie.

Tecfrigo è ora presente in più di **90 paesi nel mondo**.

L'Azienda opera in due stabilimenti che coprono un'area produttiva totale di oltre **15.000 mq coperti**, dove vengono fabbricate tutte le linee di prodotto. Un'attenzione particolare è dedicata alla qualità dei componenti ed alla selezione delle materie prime; inoltre, il processo produttivo è impostato sul **metodo "Lean"**, sinonimo di massima efficienza come richiede la filosofia aziendale.

In linea con il metodo adottato, tutto il processo produttivo, fino al collaudo, è sottoposto ad attenti controlli di qualità.

Il motto dell'azienda è quello di essere vicini ai clienti; attraverso la fiducia reciproca e la passione per il successo reciproco.

Tecfrigo is an Italian family-owned company, established in 1980.

In a very short span it has established itself among the leading brands producing vertical and horizontal display cases for pastry, ice cream, wine, buffets and many other models for gastronomy and supermarkets.

The company offers a complete range that combines design, quality and high performance, with a "green" vision and a very low environmental impact.

*Strongly rooted in the territory as a handicraft Company, Tecfrigo is soon became an industrial reality, using the **most advanced production technologies and expanding its products range**, from vertical and horizontal displays to special equipments for fulfill the different display needs in several product sectors.*

In 1993 Cold Master brand was created and in 2001 Frostemily, both in order to expand the offer and to satisfy the various market trends.

Today, thanks to the wide selection of products, the Company is able to meet the demands of the operators from different business categories.

*Tecfrigo is now present in over **90 countries worldwide**.*

*The Company operates in two buildings covering a total production area of over **15.000 sqm**, where all product lines are manufactured. A special attention is dedicated to the components quality and to the selection of raw materials. Moreover, the production process is based on the **"Lean" method**, synonymous of maximum efficiency as required by the Company policy.*

In line with the adopted method, the whole production process, until the final test, are subject to careful quality controls.

The company motto is to be close to customers; through mutual trust and passion for mutual success.

Num. P	Numero porte per tavolo (Es. 3P - Tavolo con 3 porte)
Num. TV	Numero di temperature per vetrine vino (Es. 2TV - Vetrina funzionante con 2 temperature)
BIS	Vetrina che funziona a temperatura positiva o negativa
BM	Bain-maire, macchina in cui le bacinelle sono scaldate a bagnomaria
BTFC	Armadio a bassa temperatura porta cieca con refrigerazione agitata
BTQ	Vetrina a bassa temperatura con ripiani in cristallo
BTV	Vetrina a bassa temperatura ventilata con ripiani a griglia
DA	Dry Aged, vetrina specifica per la frollatura della carne
FG	Full Glass, porta strutturale in vetro
G	Vetrina a temperatura positiva ventilata con ripiani a griglia
GBT	Vetrina a bassa temperatura statica con ripiani fissi evaporanti
GN	Macchina predisposta per contenere bacinelle gastronomiche
GS	Vetrina a temperatura positiva statica con ripiani a griglia
GV	Vetrina a temperatura positiva ventilata con ripiani a griglia
M	Buffet/drop-in con cappa motorizzata
P	Macchina per posizionamento a parete
PS	Macchina con porte scorrevoli
Q	Vetrina a temperatura positiva ventilata con ripiani in cristallo
QB	Vetrina bassa a temperatura positiva ventilata con ripiani in cristallo (1 ripiano - mod.Karina)
QM	Vetrina a temperatura positiva ventilata con ripiani in cristallo (2 ripiani - mod.Karina)
R	Vetrina a temperatura positiva ventilata con ripiani rotanti in vetro
RBT	Vetrina a bassa temperatura ventilata con ripiani rotanti in vetro
RG	Vetrina a temperatura positiva ventilata con ripiani rotanti in vetro e ripiani a griglia
RI	Banchi gelato con riserva
SG	Macchina senza gruppo motore, predisposta per impianto a distanza
SP	Macchina senza pannelli
SS	Macchina self-service
VC	Banchi con vetro curvo
VD	Banchi con vetro dritto
VDB	Banchi con vetro dritto basso
VFS	Vetrina buffet con vetri scorrevoli lato operatore e vetro fisso lato cliente
VT	Vasca ventilata
VU	Vetrine con vano unico
V	Verticale
O	Orizzontale

Num. P	Number of doors for each counter table (Ex. 3P - Table with 3 doors)
Num. TV	Number of temperatures for each wine cabinet (Ex. 2TV - Wine cabinet performing 2 temperatures)
BIS	Display cabinet performing positive or negative temperature
BM	Basins heated by bain-maire system
BTFC	Static with fan assistance, low temperature cabinet with blind door
BTQ	Ventilated display freezer with crystal shelves
BTV	Ventilated display freezer with wiring shelves
DA	"Dry Aged", specific display cabinet for dr-aged meat
FG	"Full Glass", structural glass door
G	Ventilated display chiller with wiring shelves
GBT	Static display freezer with fixed evaporating shelves
GN	Equipment arranged to host gn basins
GS	Static display chiller with wiring shelves
GV	Ventilated display chiller with wiring shelves
M	Buffet/drop-in with motorized hood
P	Equipment to be positioned at the wall
PS	Equipment with sliding doors
Q	Ventilated display chiller with crystal shelves
QB	Ventilated low display chiller with crystal shelves (1 shelf - mod.Karina)
QM	Ventilated display chiller with crystal shelves (2 shelves - mod.Karina)
R	Ventilated display chiller with rotating glass shelves
RBT	Ventilated display freezer with rotating glass shelves
RG	Ventilated display chiller with rotating glass shelves and wiring shelves
RI	Ice-cream showcase with reserve room
SG	Equipment without compressor, already arranged for remote system
SP	Display cabinet without panels
SS	Self-service equipment
VC	Showcase with curved glass
VD	Showcase with flat glass
VDB	Showcase with low flat glass
VFS	Buffet with sliding glass doors on operator side and fixed glass on client side
VT	Ventilated tank
VU	Display cabinet with just one compartment
V	Vertical
O	Horizontal

RICERCA ED INNOVAZIONE / RESEARCH AND INNOVATION

Un **codice QR** per garantire una consultazione **costantemente aggiornata delle etichette energetiche**.

Scansionandolo si verrà indirizzati ad una cartella nella quale troverete le **ultime release delle classi di efficienza energetica** delle macchine per le quali è prevista.

A **QR code** to ensure a **constantly updated consultation of energy labels**.

By scanning it, you will be directed to a folder in which you will find the **latest releases of the energy efficiency classes** of the units for which it is intended.

Scansiona il QR per le etichette energetiche aggiornate
Scan the QR code for the updated energy labels

I fluidi frigoriferi sono sostanze nocive per l'ambiente, in quanto sono tra i principali responsabili dell'effetto serra. Da anni oramai la ricerca di nuovi refrigeranti si è orientata verso un'importante riduzione dell'impatto ambientale, limitando - tramite la legislazione e sanzioni internazionali - l'utilizzo dei gas refrigeranti tradizionali (come l'R452A).

Per la loro sostituzione si è scelto il propano **R290**, grazie proprio al suo **bassissimo impatto ambientale** ed alla **riduzione del consumo elettrico** delle applicazioni che lo utilizzano.

Refrigerant fluids are substances harmful to the environment, as they are among the main ones responsible for the greenhouse effect. For years the search for new refrigerants is oriented towards a significant reduction in environmental impact, by limiting - through international legislation and sanctions - the use of traditional refrigeration gases (like the R452A).

The propane **R290** was chosen to replace these gases, thanks to its own **very low impact on the environment and the reduction of electrical consumption** of applications that use this gas.

Molteplici fattori influenzano il consumo di un apparecchio frigorifero: la temperatura dell'ambiente circostante, la frequenza dell'apertura della porta, la quantità di prodotto inserita al suo interno, etc.

L'utilizzo di un **inverter** permette la regolazione continua della velocità del compressore, per adattarsi a questi fattori ed **abbattere i consumi di elettricità**, permettendo inoltre una **riduzione della rumorosità**, una maggiore affidabilità del compressore e una **diminuzione del tempo necessario a raggiungere la temperatura** di refrigerazione.

Many factors affect the consumption of a refrigerator: the temperature of the surrounding environment, the frequency of the door opening, the product quantity inside it, etc.

The use of an **inverter** allows a speed regulation of the compressor, and permits to adapt to above mentioned factors and **cut down on electricity consumption**, enables also **noise reduction**, enhanced reliability of the compressor, **reducing the time to achieve the refrigeration temperature**.

Nell'ambito di **Industria 4.0** grande importanza rivestono gli Smart Products, cioè i «Prodotti Intelligenti». Si tratta di apparecchi **connessi ad un cloud tramite Wi-Fi**. Diventa così possibile **monitorare a distanza un apparecchio frigorifero dal proprio smartphone**, ricevere un report settimanale HACCP con i grafici e gli allarmi registrati, aggiornare il prodotto con nuove funzioni, usufruire di teleassistenza, ricevere E-mail in caso di guasto, ed altro ancora. Il tutto gestito da un intuitivo sistema di controllo con schermo a colori.

Industry 4.0 is points to Smart Products, in other words "Intelligent Products".

These devices **are connected to a cloud through Wi-Fi**. It is possible **remotely to monitor a device such as a Refrigerator, from your smartphone**, receive a weekly HACCP report with the charts and alarms registered, update the product with new features, take advantage of technical help such as e-care, receive E-mail in case of failure, and more. All this is run by a intuitive control system with a color screen.

MARILYN

- Termodinamica R290 ad alta efficienza
- Telaio in alluminio anodizzato nero
- Porta con vetrocamera strutturale a bassa emissività, con vetri esterni temperati e serigrafati
- Versione cromatica standard: nero
- Interno interamente in acciaio AISI 304 inossidabile anticorrosione, con lavorazione al laser e finitura lucida a specchio
- Centralina touch screen con retroilluminazione ad alto contrasto. Funzioni termometro, comando dell'illuminazione e modalità ECO integrate
- Ampia maniglia "a scomparsa", integrata nella struttura lungo l'intera altezza della porta.
- Ruote gemellate pivotanti, di cui due con freno
- Piedini regolabili di serie
- Serratura di serie

OPTIONAL:

Potenzimetro: temperatura di colore LED regolabile tra 3.000 K e 6.500 K
 Sistema di controllo remoto (WiFi/Cloud)
 Utilizzo della tecnologia INVERTER per migliorare le prestazioni delle vetrine

- High efficiency R290 thermodynamics
- Frame in black anodized aluminum
- Door with low emissivity structural glass, with tempered and silk-screened outside windows
- Standard color: black
- Interior made entirely of AISI 304 stainless steel, corrosion free, laser cut and mirror polished finish.
- Touch screen controller with high contrast backlight, features to adjust the thermometer, lighting control and integrated ECO mode
- Wide "hidden" handle, integrated on the full height of the door.
- Chrome stainless steel swivel wheels with and without brake
- Standard adjustable feet
- Lock as standard

OPTIONAL:

Potentiometer: adjustable LED color temperature between 3.000 K and 6.500 K
 Remote control system (WiFi/Cloud)
 Using INVERTER technology to improve showcases performance

Versione speciale (con sovrapprezzo) *
Special version (with surcharge)

WINE

Allestimenti interni per bottiglie di vino
Interior mounting system for wine bottles

Vedi a pagina/See on page: 176

OPTIONAL: DRINK

Supporto per versione acqua
Support for water version

Vedi a pagina/See on page: 28

A RICHIESTA/ON DEMAND

Disponibile in versione SP senza pannelli, da incasso
Available without panels, SP built-in version

OPTIONAL POTENZIOMETRO:
 Temperatura di colore LED regolabile tra 3.000 K e 6.500 K
OPTIONAL POTENTIOMETER:
 Adjustable LED color temperature between 3.000 K and 6.500 K

Voltaggio di serie - Standard voltage: 230v/1/50Hz • Classe climatica - Climatic class: MAX = (30°C - % U.R. 55)

DIVA

- Termodinamica R290 ad alta efficienza
- Temperatura di colore LED a scelta: 3.000 K o 6.500 K
- Telaio interamente in alluminio a finitura lucida a specchio, con ampia maniglia monoblocco incorporata in acciaio inox su tutta la lunghezza della porta
- Griglie aerazione e fondo interno in acciaio inox rifinito al laser
- Doppia vetrocamera a tre lastre su ogni lato, intelaiata e sigillata, con isolamento ad aria secca, per le massime performance di coibentazione
- Centralina touch-screen retroilluminata bianca LED con funzione di risparmio energetico
- Robuste ruote girevoli, con e senza freno

OPTIONAL:

Potenzimetro: temperatura di colore LED regolabile tra 3.000 K e 6.500 K
 Sistema di controllo remoto (WiFi/Cloud)
 Utilizzo della tecnologia INVERTER per migliorare le prestazioni delle vetrine

- Thermodynamics R290
- Color LED temperature at the customer's choice: 3,000 K or 6,500 K
- Modern and elegant frame entirely in mirror polished aluminum, with large embedded stainless steel handle, along the entire door length
- Ventilation grids and internal bottom in stainless steel, laser refinished
- Double glazing three glass-sheets on each side, framed and sealed, with a dry air insulation, for maximum insulation performance
- Touch screen control unit, white LED backlight with energy saving function
- Swivel wheels, with and without brakes as standard

OPTIONAL:

Potentiometer: adjustable LED color temperature between 3.000 K and 6.500 K
 Remote control system (WiFi/Cloud)
 Using INVERTER technology to improve showcases performance

OPTIONAL: DRINK VERSION

 Vetro triplo anti-condensa
 Triple anti-condensation glass

Supporto per versione acqua / Support for water version

All'esterno studiato per chi necessita di una vetrina robusta, capace di sostenere carichi pesanti, senza però dover rinunciare allo stile ed eleganza Tecfrigo.

Struttura interna a 4 sostegni rinforzati in alluminio anodizzato con supporti ripiani ad alto resistenziale.

I ripiani quadrati sono stati realizzati con vetri di 4+4 mm stratificati, antisfondamento con sgancio rapido dei ripiani tramite ventose ammortizzanti di sicurezza.

It has been studied for those who need a solid display cabinet, able to support heavy loads, without sacrificing Tecfrigo style and elegance.

The inner structure is made with 4 anodized aluminium reinforced supports and with high-resistance shelves supports.

The squared shelves are manufactured with laminated and shatterproof 4+4 mm glasses, with rapid shelves unfasten by means of safety cushioning suckers.

ESPOSITORE VERTICALE CON STRUTTURA INTERNA ROTANTE A 30 RIPIANI A "SPICCHIO" PER PASTICCERIA
 VERTICAL DISPLAY WITH ROTATING INTERNAL STRUCTURE: 30 "WEDGE" SHELVES FOR PASTRY

Serie di vetrine refrigerate per pasticceria e gelateria, dotata di un'esposizione unica ed innovativa.

Grazie alla sua struttura interna composta da 30 ripiani rotanti a spicchi, realizzati in plexiglass ad alta trasparenza con raggio di 26 cm, permette una visione panoramica dei prodotti esposti.

- Telaio interamente in alluminio a finitura lucida a specchio, con comoda maniglia in tinta
- Griglie aerazione e fondo interno in acciaio inox rifinito al laser
- Doppia vetrocamera a tre lastre su ogni lato, intelaiata e sigillata, con isolamento ad aria secca, per le massime performance di coibentazione
- Possibilità di muovere i ripiani per permettere l'inserimento di torte più alte di 15cm
- Refrigerazione ventilata e sbrinamento automatico con evaporazione automatica acqua
- Illuminazione a doppia fila di LED ad elevata efficienza luminosa e risparmio energetico
- Centralina touch-screen retroilluminata bianca LED con funzione di risparmio energetico avanzata
- Robuste ruote girevoli, con e senza freno cromate inox

OPTIONAL:
 Sistema di controllo remoto (WiFi/Cloud)
 Utilizzo della tecnologia INVERTER per migliorare le prestazioni delle vetrine

Refrigerated upright display, ideal for ice-cream and pastry; it boasts a unique and innovative exhibition ability.

Thanks to its internal structure with 30 wedge rotating shelves, made in high-transparence plexiglass with a 26 cm radius, Melanie is able to give a panoramic view of the displayed products.

- Frame entirely in mirror polished aluminum, with practical same color handle
- Ventilation grids and internal bottom in stainless steel, laser refinished
- Double glazing three glass-sheets on each side, framed and sealed, with a dry air insulation, for maximum insulation performance
- Possibility to move shelves to allow the placing of cakes higher than 15cm
- Ventilated refrigeration with automatic defrosting and automatic evaporation of defrost water
- Double LED stripes lighting with high luminous efficiency and energy saving
- Touch screen control unit, white LED backlight with advanced energy saving function
- Stainless steel swivel wheels, with and without brakes as standard

OPTIONAL:
 Remote control system (WiFi/Cloud)
 Using INVERTER technology to improve showcases performance

La linea Snelle vanta in tutte le sue versioni un telaio interamente in alluminio anodizzato estruso, disponibile nei colori standard argento e bronzo, o personalizzabile RAL.
 Griglie di ventilazione in acciaio inossidabile AISI 304.
 Doppia vetrocamera a tre lastre su ogni lato, intelaiata e sigillata, con isolamento ad aria secca, per le massime performance di coibentazione.
 Illuminazione a LED ad elevata efficienza luminosa e risparmio energetico.
 Centralina soft-touch con comandi incorporati.
 Ruote girevoli con e senza freno.

The Snelle line boasts in all its versions a frame entirely in extruded anodised aluminum, available in the standard colors silver and bronze, or customizable RAL.
 Ventilation grids in AISI 304 stainless steel.
 Double glazing with three sheets on each side, framed and sealed, with dry air insulation, for maximum insulation performance.
 LED lighting with high luminous efficiency and energy saving.
 Soft-touch control unit with built-in commands.
 Swivel castors with and without brake.

- Capacità massima 570 litri
- Temperatura regolabile +4/+10°C (R) o +5/-20 (RBT BIS)
- Originale telaio di forma esagonale, interamente in alluminio anodizzato estruso, colorazione bronzo o argento di serie
- Griglie di ventilazione in acciaio inossidabile
- Doppia vetrocamera a tre lastre su ogni lato, intelaiata e sigillata, con isolamento ad aria secca, per le massime performance di coibentazione
- Isolamento termico a vasca poliuretanic High Density
- Girante a motoriduttore con doppio cuscinetto a sfera, per la massima silenziosità ed affidabilità
- 5 ripiani in vetro, removibili, con diametro fino a 560 mm
- Refrigerazione ventilata con sbrinamento automatico ed evaporazione automatica acqua di sbrinamento
- Illuminazione a doppia fila di LED ad elevata efficienza luminosa e risparmio energetico
- Centralina Touch Screen retroilluminata con protezione frontale del display, resistente agli spruzzi d'acqua e alla polvere e funzione di risparmio energetico
- Ruote girevoli, con e senza freno, di serie

- Maximum Capacity 570 liters
- Adjustable temperature +4/+10°C (R) or +5/-20 (RBT BIS)
- Original hexagonal frame in extruded anodized aluminum, silver or bronze
- Stainless steel ventilation grids
- Double glazing three glass-sheets on each side, framed and sealed, with a dry air insulation, for maximum insulation performance
- High Density thermal insulation polyurethane tank
- 5 crystal rotating shelves (mirror bottom one); diam. 560mm
- Ventilated refrigeration with automatic defrosting and automatic evaporation of defrost water
- Double LED stripes lighting with high luminous efficiency and energy savings
- Backlit touch-screen control unit resistant to water splashes and dust, and power-saving function
- Swivel wheels, with and without brakes, as standard

MUSA 120

MUSA 120 R

- Termodinamica R290
- Centralina soft-touch retroilluminata bianca LED con funzione di risparmio energetico avanzata
- Temperatura di colore LED a scelta: 3.000 K o 6.500 K
- Telaio interamente in alluminio anodizzato nero
- Doppia vetrocamera a tre lastre su ogni lato, intelaiata e sigillata, con isolamento ad aria secca, per le massime performance di coibentazione
- Ampia maniglia monoblocco incorporata in acciaio inox

- Thermodynamics R290
- White LED backlit soft-touch control unit with advanced saving function energy
- Color LED temperature at the customer's choice: 3,000 K or 6,500 K
- Frame in black anodized aluminum
- Double glazing three glass-sheets on each side, framed and sealed, with a dry air insulation, for maximum insulation performance
- Large embedded stainless-steel handle

 Outside ice-cream wash dosing with tap
 Rince-doseur extérieur avec robinet
 Äußere Eisdosierwaschschalen mit Hahn
 Lavaporcionador externo con grifo

Sistema antiappannamento con vetro frontale termico alimentato elettricamente
 Anti-mist system with thermic frontal glass feeded electrically
 Système antibuée avec vitre frontale thermique alimenté électriquement
 Antibeschlag System mit frontalem thermischen Glas elektrisch versorgt
 Sistema para evitar el vaho con vidrio frontal térmico alimentado eléctricamente

ACCESSORIO/ACCESSORIES: Porta coni / Cone holder / Porte-cornets / Eistütenhalter / Portacucuruchos

LUX
 Portacono inox + PC alimentare.
 Tubi: n°5 diametro 6,5 cm
 Altezza tubi: 60 cm
 Altezza totale: 90 cm

Stainless steel cone holder + food polycarbonate.
 Tubes: nr. 5 diameter 6,5 cm
 Tubes height: 60 cm
 Total height: 90 cm

TOP
 Portacono girevole colore ottone. In ottone spazzolato e protetto con vernice trasparente.
 Tubi: n°5 diametro 6,5 cm
 Altezza tubi: 44 cm
 Altezza totale: 100 cm

Revolving cone holder in brass colour: brushed brass and protected with transparent varnish.
 Tubes: nr. 5 diameter 6,5 cm
 Tubes height: 44 cm
 Total height: 100 cm

MIDDLE
 Portacono girevole colore cromato (in ottone in bagno di cromatura), lamelle di uscita in bronzo
 Tubi: n°6 diametro 6,5 cm
 Altezza tubi: 60 cm
 Altezza totale: 100 cm

Revolving cone holder in chrome colour: brass in chrome bath, exit plate in bronze colour.
 Tubes: nr. 6 diameter 6,5 cm
 Tubes height: 60 cm
 Total height: 100 cm

LOW
 Portacono girevole, struttura in plastica.
 Tubi: n°3 diametro 6,5 cm + n°3 diametro 7,5 cm
 Altezza tubi: 60 cm
 Altezza totale: 100 cm

Revolving cone holder, plastic structure.
 Tubes: nr. 3 diameter 6,5 cm + nr. 3 diameter 7,5 cm
 Tubes height: 60 cm
 Total height: 100 cm

DI SERIE/STANDARD:

Con N° 2 mensole refrigerate
With N° 2 refrigerated shelves

- Pannello frontale in poliuretano rigido verniciato e pannelli laterali in stratificato 12mm. Colore standard giallo.
- Griglia di ventilazione frontale in alluminio.
- Castello vetri temperato e termico alimentato elettricamente, vetro frontale apribile dal basso verso l'alto tramite pistoni.
- Sbrinamento degli evaporatori veloce (90") ad inversione di ciclo.
- Porte scorrevoli lato operatore in plexiglass.
- Illuminazione a LED ad elevata efficienza luminosa e risparmio energetico.
- Centralina elettronica con display e cruscotto comandi sul retro.
- Vano d'appoggio neutro lato operatore.
- Piedini di serie.

- Front panel made of rigid painted polyurethane and 12mm laminated side panels. Standard color yellow
- Front aluminum ventilation grid
- Heated glass superstructure, opening front glass via top-mounted hydraulic gas struts.
- High speed (90") automatic reverse cycle evaporators defrost.
- Plexiglas sliding-doors operator side
- LED stripes lighting with high luminous efficiency and energy savings
- Electronic control unit with display and control panel on the back
- Neutral compartment operator side
- Feet as standard

VINO / WINE

TEMPERATURE

- 8-9°C Vini bianchi leggeri e vini frizzanti, ad esempio, vini bianchi dolci da dessert
- 9-12°C Fino Sherry
- 10-11°C Vini bianchi pieni e frizzanti, come Champagne, Cremant e Cava
- 12-13°C Vini bianchi corposi, come Chardonnays, Bourgogne champagne d'annata, così come vini da dessert quali il Sauternes e l'Eiswein
- 14°C Porto
- 14-15°C Vini rossi giovani chiari come, Beaujolais e Pinot Nero
- 16-17°C Giovani e promettenti vini rossi come, Bourgogne, Saint Emilion, Pomerol, Chianti e Barbaresco
- 18-19°C Vini rossi corposi e maturi come, Rhône, Bor deaux Grand Cru, Barolo e Rioja Gran Reserva

- 8-9°C Light white and sparkling wines e.g. sweet white dessert wines
- 9-12°C Fino Sherry
- 10-11°C Heavy white and sparkling wines e.g. Champagne, Cremant and Cava
- 12-13°C Full-bodied white wine e.g. Chardonnay, Bourgogne and vintage champagnes, as well as dessert wines such as Sauterne and Eiswein
- 14°C Port
- 14-15°C Light young red wines e.g. Beaujolais and ordinary Pinot Noir
- 16-17°C Young complex red wines e.g. Bourgogne, Saint Emilion, Pomerol, Chianti and Barbaresco
- 18-19°C Heavy, full-bodied and mature red wines e.g. Rhône wines, Bor deaux Grand Cru Classé, Barolo and Rioja Gran Reserva

FILTRO A CARBONE: Dispositivo interno a carboni attivi che elimina i cattivi odori.
CHARCOAL FILTER: Internal filters with active carbons to avoid the bad smells.

Cantine frigo multizona

La serie Wine di cantine frigo multizona, è la preferita dai clienti per la capacità di soddisfare ogni esigenza di immagazzinamento di vino.

Una discreta porta vetro fumè con filtro UV, protegge il vino dai raggi del sole. Il compressore a basse vibrazioni ed i ripiani regolabili in legno assicurano che il vino venga conservato correttamente e indisturbato dal funzionamento della vetrina stessa. Nel complesso, la serie Wine, garantisce un risparmio energetico e una soluzione rispettosa dell'ambiente.

Multizone wine cabinets

The Wine series of MultiZone wine cabinets, is a customer favorite that honors every requirement for ideal storage of wine.

A discreet, smoked glass door with UV filter protects wine from rays of the sun. The low vibration compressor and adjustable wooden shelves ensure that wine is stored correctly and undisturbed by cabinet operation. Overall, the Wine series, ensures energy-saving and environmentally friendly solution.

Le 5 regole importanti per la conservazione

Il vino è un prodotto vivo e sensibile che richiede una delicata conservazione per salvaguardare le migliori condizioni per la sua maturazione ed invecchiamento.

TEMPERATURA: La temperatura ideale di conservazione del vino è circa 10-14°C, che dovrebbe essere costante.

UMIDITÀ: Un livello di umidità compreso tra il 50-75% è essenziale per mantenere la tenuta del tappo di sughero, e quindi la sua efficienza a mantenere l'aria fuori dalla bottiglia.

OSCURITÀ: La bottiglia non offre alcuna protezione contro i raggi diretti del sole, ed in particolare contro la luce ultravioletta che può essere dannosa per il vino. Di conseguenza, il vino deve essere conservato al buio e protetto in modo sicuro contro i raggi UV.

VIBRAZIONI: Se il vino è esposto a ripetute vibrazioni, queste disturbano lo sviluppo biochimico del vino. Le vibrazioni sono spesso il motivo per cui alcuni dei migliori e più raffinati vini non riescono a raggiungere il loro gusto ottimale.

VENTILAZIONE: Ventilazione e circolazione continua dell'aria sono di fondamentale importanza per evitare la formazione di odori sgradevoli.

The 5 important rules for storage

Wine is a living and sensitive product which demands gentle storage to safeguard the best conditions for its maturation and development.

TEMPERATURE: The ideal storage temperature for wine is about 10-14°C which should be constant.

AIR HUMIDITY: A humidity level of between 50-75% is essential to maintain the cork's sealing effect, and thereby its efficiency at keeping air out of the bottle.

DARKNESS: The bottle offers no protection against direct sunlight, and ultraviolet light in particular can be harmful to wine.

Accordingly, wine should be stored in darkness safely protected against UV radiation.

VIBRATION: If wine is exposed to repeated vibration, it will disrupt the wine's biochemical development. Vibrations are often the reason why some of the best and finest wines fail to reach their optimal taste.

VENTILATION: Ventilation and the continuous circulation of air are fundamentally important to avoid the development of unpleasant odours.

FILTRO A CARBONE: Dispositivo interno a carboni attivi che elimina i cattivi odori.
CHARCOAL FILTER: Internal filters with active carbons to avoid the bad smells.

Serie WINE FG: distintivo design con vetro nero

L'intramontabile vetro nero anteriore rende la serie Wine FG elegante e discreta anche quando in versione da incasso.

Il basamento inferiore è anch'esso rivestito da vetro nero, rendendo l'intero fronte della vetrina molto elegante. Sui modelli Wine 185 FG, l'apertura della porta è facilitata dalla maniglia integrata.

Le vetrine refrigerate per bibite Drink 360 FG sono costruite in modo da poter essere affiancate ai modelli Wine 185 FG, creando così una serie sbalorditiva per esporre qualsiasi bevanda. È disponibile un kit unione su misura, per bloccare le vetrine quando sono affiancate. Il kit unione fornisce la distanza necessaria per garantire l'accesso alla maniglia integrata, è inoltre presente una guarnizione di finitura tra le due vetrine.

WINE FG series: distinct, black-glass design

The timeless Black-Glass front makes the Wine FG series look elegant and discreet when integrated into a wall. Even the socket is covered by Black-Glass making the entire front very stylish. The door opening is made easy by pulling the integrated doorframe handle on Wine 185 FG.

Drink 360 FG beverage display cooler is built to match in a side-by-side solution with Wine 185 FG making a stunning set to display any drink. A tailor made joining kit is available to fix the cabinets when placed side-by-side. The joining kit provides the necessary distance between each cabinet to ensure access to the integrated doorframe handle and there is a gasket to join between the cabinets to finish nicely.

- Resistenza incorporata: sistema di riscaldamento, che permette per esempio, inserendo l'unità in ambienti con temperatura di 10°C di ottenere comunque 18°C interni.
- Compressore a bassa vibrazione
- Vetri fumè con filtro anti-UV
- Griglie in legno
- Porta reversibile
- Barre LED verticali sinistra/destra, integrate nel telaio della porta
- Serratura integrata
- Esclusiva vetrina vino, interamente in vetro
- Exchangeable gasket
- Electronic temperature control
- Digital temperature display
- Frost protection: all units have a frost protection thermostat which will cut off the system in case reaching zero degrees C.
- Charcoal filter
- Built-in heating element: heating system that allow to place the unit even at 10 degrees ambient temperature and reach internal temperature of 18 degrees.
- Low-vibration compressor
- Smoked glass door with UV-filter
- Wooden shelves
- Reversible door
- LED lines in door frame left/right
- Integrated lock
- Exclusive full glass wine cabinet

Speciale per vini bianchi
Special for white wines

La nuova vetrina ventilata WINE 185 FG BRUT, è ideale per l'immagazzinamento delle bottiglie di vino bianco. Le sue linee eleganti permettono l'utilizzo in una vasta gamma di applicazioni del settore alberghiero e della ristorazione.

Efficiente illuminazione LED

L'illuminazione a LED crea una grande visibilità dei prodotti immagazzinati. In combinazione con il refrigerante R600a questa vetrina rappresenta una delle migliori proposte ad alta efficienza energetica presenti sul mercato.

Esclusivo design interamente in vetro.
Compressore a bassa vibrazione.

The new ventilated cooler, WINE 185 FG BRUT, is the perfect way to store white wine bottles. Its elegant design makes it suitable for a wide range of applications in hotel and restaurant sector.

Efficient LED lighting

The LED lighting allows a great visibility of products stored. Combined with refrigerant R600a, it currently represents one of the most energy-efficient units available on the market.

*Exclusive full-glass design.
Low vibration compressor.*

- Termodinamica R290 ad alta efficienza
- Porta USB
- Controllo e connettività CLOUD da PC/Tablet/Smartphone:
Temperatura di conservazione in tempo reale, Modifica del setpoint, Grafici storici e realtime, Consultazione della lista eventi, Notifica degli eventi tramite mail, Accesso ai manuali d'uso, Mail con report grafico settimanale in pdf
- Completamente in acciaio inox e dotato di cappa termoformata in PMMA a sollevamento motorizzato
- Griglie di ventilazione inox AISI 304
- Piano espositivo (girevole su richiesta, 1 giro ogni 4 minuti) con parete trasparente che permette un'ottima visibilità del prodotto esposto anche a distanza
- Settori inox interni di protezione dalla caduta di residui di cibo per una maggiore igiene del buffet
- Piano di appoggio superiore
- Illuminazione a LED disposta sopra il piano refrigerato
- Isolamento termico con mousse in poliuretano espanso
- Sistema di refrigerazione ventilata omogenea e sbrinamento automatico a gas caldo
- Indicazione digitale della temperatura interna
- Evaporazione dell'acqua di sbrinamento manuale
- Robuste ruote girevoli di serie con freno

- High efficiency R290 thermodynamics
- USB port
- CLOUD control and connection from PC / Tablet / Smartphone:
Real-time info about storage temperature, Set point modification, Historical and real-time charts, Events list consultation, Events notification by mail, Access to user manuals, E-mail with weekly chart report in PDF format
- Entirely made in stainless steel and thermoformed PMMA motorized hood, high transparency
- Stainless steel AISI 304 ventilation grids
- Exposing surface (rotating on demand, 1 round every 4 minutes) with transparent round frame, which allows an excellent product visibility even at a distance
- Stainless steel protection sectors to avoid crumbs fall, for a better hygiene of the buffet
- Upper neutral shelf
- Led lighting on the refrigerated surface
- Thermal insulation with Polyurethane foam
- Homogeneous ventilated refrigeration system and automatic defrost by hot gas
- Digital display for internal temperature
- Manual defrost water evaporation
- Robust swivel wheels with brakes, as standard

Esempi di combinazioni applicabili alle lunghezze 4M e 6M / Examples of combinations applicable to lengths 4M and 6M

- Struttura interamente in acciaio inox AISI 304,
- Centralina soft-touch per il controllo di tutte le funzioni,
- Illuminazione a LED ad elevata luminosità e risparmio energetico (eccetto le versioni riscaldate BM e Hot, dotate di lampade riscaldanti),
- Cappa motorizzata in polimetilmetacrilato termoformato ad alta trasparenza.

“Tiffany” si completa infine con un’elegante mensola portapiatti (accessorio fornito a richiesta) realizzata in vetro temperato nero ad alta resistenza grazie ai suoi 10 mm. di spessore.

Modernità di concept e design, insieme alla grande libertà di utilizzo, fanno di Tiffany un rivoluzionario complemento d’arredo che cambierà il modo di concepire il classico buffet espositivo.

È possibile infatti abbinare a piacere ed in base alle esigenze, le diverse termodinamiche:

- VT, vasca refrigerata ventilata (+4/+10°C)
- BM, vasca riscaldata Bain-Marie (+30/+90°C)
- HOT, piastra in vetroceramica (+30/+90°C)

- Structure completely in AISI 304 stainless steel,
- Soft-touch control unit, to control all functions,
- LEDs-lighting with high luminous efficiency and energy saving (BM and Hot versions have warming lamps),
- Motorized cover in thermoformed polymethylmethacrylate, high transparency.

“Tiffany” is complete thanks to the elegant plateholder shelf (available on request), made of black tempered glass and highly resistant, thanks to 10mm thick.

Modern concept and design, together with great freedom of use, make Tiffany a revolutionary furniture accessory that will change the way of thinking the classic exhibition buffet.

In this regard, it is possible to combine, according to various needs, the different thermodynamic:

- VT, refrigerated ventilated tank (+4/+10°C)
- BM, Bain-Marie heating tank (+30/+90°C)
- HOT, glass-ceramic hobs (+30/+90°C)

FUTURA SS

FUTURA MURALE

FUTURA BAHIA

Tutti i modelli sono dotati di:

- illuminazione a LED integrata sotto la cappa ad elevata luminosità e risparmio energetico (eccetto le versioni riscaldate BM, Dry e Hot, dotate di lampade riscaldanti),
- centralina Touch Screen per il controllo di tutte le funzioni,
- Robuste ruote girevoli di serie, con e senza freno, non a vista,
- Cappa fissa in vetro (esclusi i modelli "SS" e "FUTURA BAHIA" che sono dotati di cappa in polimetilmetacrilato termoformato ad alta trasparenza, apribili).

- Vasca, struttura sostegno cupola, zoccolo inferiore copri ruote ed angolari in acciaio inox AISI 304, pannelli esterni multistrato con finitura legno per un'ottima resistenza ad umidità e flessione naturale dello stesso legno. Dettagli in legno massello. Colore standard "pino artico"

- Priva di griglie di aerazione; l'entrata e l'uscita dell'aria avvengono attraverso parte inferiore dei pannelli per garantire una linea armoniosa

- Predisposizione per vaschette inox Gastronorm da 1/9 a 2/1 e fino a 150 mm di profondità. Le bacinelle h 100 mm sono posizionabili a piacere sui diversi livelli

- Vano d'appoggio sottostante in acciaio inox AISI 304

All models will be supplied with:

- LEDs-lighting integrated under the hood with high luminous efficiency and energy saving (BM, Dry and Hot versions have warming lamps);
- full Touch Screen control unit, to control all functions;
- Robust swivel wheels with and without brakes, as standard, non-visible;
- Fixed glass-hood (models "SS" and "FUTURA BAHIA" have the cover in thermoformed polymethylmethacrylate, high transparency, openable).

-Tank, dome supporting structure, lower plinth wheels cover and angular supports structure made of stainless steel AISI 304, exterior multilayered panels with wooden finishing for an excellent resistance against moisture and natural wood bending. Solid wood details. Standard color "Arctic Pine"

-Without ventilation grids; the air inlet and outlet take place through the lower part of the panels to ensure a smooth line of the buffet

-Arrangement for stainless steel GN basins from 1/9 to 2/1 and up to 150 mm height. H 100 mm basins can be positioned into different levels

- Underlying neutral compartment in stainless steel AISI 304

COD. 04	COD. 05	COD. 07	COD. 70	RAL

- Vasca in acciaio inox AISI 304 con struttura esterna in legno massello verniciato noce scuro o chiaro.
- Griglie di ventilazione inox AISI 304
- Cappa motorizzata in PMMA termoformato ad alta trasparenza, con braccetti telescopici di sostegno in acciaio inox
- Isolamento termico con mousse in polietilene High Density
- Illuminazione a LED ad elevata resa cromatica e basso consumo
- Centralina Touch Screen per il controllo di tutte le funzioni
- Indicazione digitale della temperatura interna
- Robuste ruote girevoli di serie, con e senza freno
- Piani d'appoggio sottostanti

OPTIONAL/ACCESSORI:

- Mensele portapiatti snodabili in legno massello
- Porte scorrevoli in vetro fumé
- Colori RAL, legno grezzo trattato o non trattato

- Stainless steel AISI 304 tank with painted dark or light walnut external wooden structure.
- Stainless steel AISI 304 ventilation grids
- Thermoformed PMMA motorized hood, high transparency, with telescopic support arms in stainless steel
- Thermal insulation with High Density Polyethylene foam
- LED lighting with high color rendering and low power consumption
- Full Touch Screen control unit, to control all functions
- Digital display for internal temperature
- Robust swivel wheels with and without brakes, as standard
- Underlying wooden shelves

OPTIONAL/ACCESSORIES:

- Solid wood hinged jointed plates holder shelves
- Smoky sliding glass doors for neutral case
- RAL colours, treated or untreated raw wood

ISOLA M

- Sistema di refrigerazione statico con sbrinatorio automatico
- Predisposizione per vaschette inox Gastronorm da 1/9 a 2/1 e fino a 150 mm di profondità
- Static refrigeration system with automatic defrost
- Arrangement for stainless steel GN basins from 1/9 to 2/1 and up to 150mm height.

OPTIONAL/ACCESSORI:

- Piano inox per pasticceria o piatti pronti
- Stainless steel tray for pastry or ready-to-serve dishes

Bacinelle GN
GN basins

ISOLA M VT

- Sistema di refrigerazione a doppia ventilazione con sbrinatorio automatico, passaggio aria fredda, sopra e sotto le bacinelle
- Predisposizione per vaschette inox Gastronorm da 1/9 a 2/1 e fino a 150 mm di profondità
- Double ventilated refrigeration system with automatic defrost, refrigerated air passage, over and under food pans
- Arrangement for stainless steel GN basins from 1/9 to 2/1 and up to 150mm height.

OPTIONAL/ACCESSORIES:

- Piano inox per pasticceria o piatti pronti
- Stainless steel tray for pastry or ready-to-serve dishes

Bacinelle GN
GN basins

COD. 04	COD. 05	COD. 07	COD. 70	RAL

- Vasca in acciaio inox AISI 316 resistente alla corrosione salina e struttura esterna in legno massello verniciato noce scuro o chiaro.
- Griglie di ventilazione inox AISI 304
- Piano refrigerato 1307x587 h 160 mm
- Cappa motorizzata in PMMA termoformato ad alta trasparenza, con braccetti telescopici di sostegno in acciaio inox
- Evaporatore annegato nel poliuretano della vasca
- Sistema di refrigerazione statico con sbrinamento automatico
- Illuminazione a LED ad elevata resa cromatica e basso consumo
- Centralina Touch Screen per il controllo di tutte le funzioni
- Indicazione digitale della temperatura interna
- Evaporazione dell'acqua di sbrinamento non automatica/manuale
- Robuste ruote girevoli di serie, con e senza freno
- Piani d'appoggio sottostanti

OPTIONAL/ACCESSORI:

- Mensole portapiatti snodabili in legno massello
- Porte scorrevoli in vetro fumé
- Colori RAL, legno grezzo trattato o non trattato
- Kit per bacinelle GN solo h. 100 mm

- Salt-proof stainless steel AISI 316 tank with painted dark or light walnut external wooden structure.
- Stainless steel AISI 304 ventilation grids
- Refrigerated top surface dimensions: 1307x587 h 160 mm
- Thermoformed PMMA motorized hood, high transparency, with telescopic support arms in stainless steel
- Evaporator in the polyurethane of the tank
- Static refrigeration system with automatic defrost
- LED lighting with high color rendering and low power consumption
- Full Touch Screen control unit, to control all functions
- Digital display for internal temperature
- Defrost water evaporation not automatic (manual)
- Robust swivel wheels with and without brakes, as standard
- Underlying wooden shelves

OPTIONAL/ACCESSORIES:

- RAL colours, treated or untreated raw wood
- Solid wood hinged jointed plates holder shelves
- Smoky sliding glass doors for neutral case
- GN basins kit only 100mm height

Utilizzo vasca con carne fresca
Use tank with fresh meat

Kit per bacinelle GN - SOLO h. 100 mm.

COD. 04	COD. 05	COD. 07	COD. 70	RAL

OASI M:

- Vasca in acciaio inox AISI 304 con struttura esterna in legno massello verniciato noce scuro o chiaro.
- Griglie di ventilazione inox AISI 304
- Predisposizione per vaschette inox Gastronorm da 1/9 a 2/1 e fino a 150 mm di profondità
- Cappa motorizzata in PMMA termoformato ad alta trasparenza, con braccio telescopico per il sostegno
- Ripiani supplementari nella parte superiore ed inferiore della vasca per attrezzatura complementare
- Illuminazione a LED ad elevata resa cromatica e basso consumo
- Pannello comandi con sportello di sicurezza trasparente e centralina elettronica
- Indicazione digitale della temperatura interna
- Robuste ruote girevoli di serie, con e senza freno

OPTIONAL/ACCESSORI:

- Piano inox per pasticceria o piatti pronti
- Colori RAL, legno grezzo trattato o non trattato
- Bacinelle GN

OASI M:

- Stainless steel AISI 304 tank with painted dark or light walnut external wooden structure.
- Stainless steel AISI 304 ventilation grids
- Arrangement for stainless steel GN basins from 1/9 to 2/1 and up to 150mm height.
- Thermofomed PMMA motorized hood, high transparency, with telescopic support arm in stainless steel
- LED lighting with high color rendering and low power consumption
- Control panel with transparent safety cover and electronic control unit
- Digital display for internal temperature
- Robust swivel wheels with and without brakes, as standard
- Additional wooden shelves at the top and bottom of the tank for supplementary equipment

OPTIONAL/ACCESSORIES:

- Stainless steel tray for pastry or ready-to-serve dishes
- RAL colours, treated or untreated raw wood
- GN basins

BAR & DRINK

ORIZONT è una linea di piccoli espositori orizzontali, nata per completare e/o implementare i banconi bar. La gamma Orizont comprende tre espositori a temperatura positiva (101 Q, 201 Q con capacità di 100 e 200 litri rispettivamente), un espositore self service a temperatura positiva (201 SS).

- Telaio interamente in alluminio anodizzato estruso, colore di serie bronzo
- Griglie di ventilazione in acciaio inossidabile
- Doppie vetrocamere a tre lastre, magnetroniche e basso emissive, su tre lati. Lati rimanenti isolati con pannelli in polistirolo ad alto spessore
- Isolamento a gas argon e distanziali in policarbonato
- Porte scorrevoli in vetro lato operatore, con maniglie in tinta
- Illuminazione neon ad elevata efficienza luminosa
- Centralina elettronica con display
- Piedini di serie in poliammide

ORIZONT is a line of small horizontal exhibitors, born to complete and/or implement bar counters. The Orizont range includes three positive temperature exhibitors (101 Q, 201 Q with a capacity of respectively 100 and 200 liters), a self-service positive temperature displayer (201 SS).

- Frame in extruded anodized aluminum, color bronze
- Stainless steel ventilation grids
- Double glazing three glass-sheets on each side, magnetron and low emissivity. Other sides with high thickness polystyrene panels
- Insulation by argon gas and spacers in polycarbonate
- Glass sliding doors on operator side, with same color handles
- Neon lighting with high luminous efficiency
- Electronic control unit with display
- Feet as standard

- Termodinamica R290 ad alta efficienza
- Temperatura di colore LED a scelta: 3.000 K o 6.500 K
- Telaio interamente in alluminio a finitura lucida a specchio con porte scorrevoli
- Griglie aerazione e fondo interno in acciaio inox rifinito al laser
- Centralina soft-touch retroilluminata
- Fianchi con vetrocamera strutturale a bassa emissività, con vetri esterni temperati e serigrafati grigio
- Ripiani in PMMA

- High efficiency R290 thermodynamics
- Color LED temperature at the customer's choice: 3,000 K or 6,500 K
- Frame entirely in mirror polished aluminum with sliding doors
- Ventilation grids and internal bottom in stainless steel, laser refined
- Backlit soft-touch control unit
- Insulating glazing low emissivity sides, with exterior tempered and grey silkscreen glasses
- Shelves in PMMA

SU RICHIESTA

LED di serie:
superiore e laterali
Standard LED:
top and sides

I ripiani solidi e regolabili facilitano il posizionamento stabile dei contenuti.
The solid and adjustable shelves facilitate stable placement of contents.

La nuova vetrina ventilata per bibite DRINK 360 FG, è ideale per l'immagazzinamento di lattine e bottiglie. Le sue linee eleganti permettono l'utilizzo in una vasta gamma di applicazioni del settore alberghiero e della ristorazione.

Efficiente illuminazione LED
L'illuminazione a LED crea una grande visibilità dei prodotti immagazzinati. In combinazione con il refrigerante R600a questa vetrina rappresenta una delle migliori proposte ad alta efficienza energetica presenti sul mercato.

Esclusivo design interamente in vetro.
Compressore a bassa vibrazione.

The new ventilated drink cooler, DRINK 360 FG, is the perfect way to store cans and bottles. Its elegant design makes it suitable for a wide range of applications in hotel and restaurant sector.

Efficient LED lighting
The LED lighting allows a great visibility of products stored. Combined with refrigerant R600a, it currently represents one of the most energy-efficient units available on the market.

Exclusive full-glass design.
Low vibration compressor.

GILDA

Rivestimento realizzato in esclusiva come finitura della gamma Armonia 64 Teka. La struttura in pannelli multistrato garantisce un'ottima resistenza ad umidità e flessione naturale del legno.

La sua leggerezza, ma al tempo stesso resistenza agli urti, assicurano al nostro rivestimento una lunga durata nel tempo.

L'abbinamento di colori eleganti e sempre alla moda come nero e il nuovissimo "Silver Blue", vi permetterà di integrare le nostre vetrine, in qualsiasi tipo di arredamento.

Exclusive decoration, designed for Armonia 64 Teka range.

The structure in multilayer panels provides an excellent resistance against moisture and natural wood bending.

Its lightness and at the same time its impact resistance guarantee the long duration of the decoration. The combination of elegant and fashionable colours, as black and the new "Silver Blue", will give to you the possibility to integrate our displays in any type of furniture.

Tecfrigo, presenta la nuova Tapas 2 D, una rivisitazione del nostro modello di punta per quanto riguarda le vetrine espositive refrigerate da banco.
Pensato per soddisfare le necessità dei clienti più esigenti, offre un ulteriore ripiano espositivo in vetro per piccoli piatti pronti da mantenere a temperatura ambiente.

Tecfrigo presents the new Tapas 2 D, a review of our flagship model regarding the counter refrigerated display cases.
Designed to meet the needs of the most discerning guests, it offers a further exhibition glass shelf for small ready dishes to be maintained at room temperature.

Acciaio inox e resistente vetro temperato, garantiscono affidabilità ed eleganza alle nuove vetrine con Vetro Dritto.

LINEA CHEF

CHEF 2 COLD

Le vetrine soprabanco modello CHEF, disponibili sia nella versione refrigerata che in quella calda, sono state concepite per paninoteche, bar, pizzerie, ristoranti, gastronomie, chioschi ecc.. Sono ideali per l'esposizione ad esempio di antipasti, stuzzichini, salse ed alimenti per la preparazione di pizze, panini, tramezzini. Le dimensioni contenute permettono una facile collocazione in qualsiasi arredamento preesistente. Tutti gli elementi caldi o refrigerati sono realizzati all'interno ed esterno in acciaio inox.

The CHEF counter top food display case models, available in both refrigerated and hot versions, have been designed for sandwich bars, bars, pizzerias, restaurants, gastronomic shops, kiosks etc.. They are perfect for displaying, for example, hors d'oeuvres, appetisers, sauces and ingredients used in the preparation of pizzas, rolls, sandwiches.

Their contained dimensions mean that they can be easily inserted into any pre existing furniture fittings. All the internal and external hot or refrigerated elements are made in stainless steel.

NFG 309 NT GLASS

NFG 309 NT GLASS

NFG 309 NT GLASS

CARATTERISTICHE:

- Piedini regolabili
- Porta in vetro riscaldato (Per garantire che il vetro rimanga libero da condensa e assicura la visibilità)
- Termostato regolabile
- Ripiani in filo
- Robusta maniglia
- Porta reversibile

FEATURES:

- Adjustable feet
- Heated glass door (It ensures that the glass is kept free of condensation and secures visibility)
- Adjustable thermostat
- Wire shelves
- Robust handle
- Reversible door

KIT ANCORAGGIO PL 190

OPTIONAL:
Kit da ordinare al momento dell'acquisto
Kit to order during the purchase

ESEMPI DI SOVRAPPOSIZIONE DI PL 190:
questo kit vi permetterà di sovrapporre, abbinando a vostro piacere, i nostri PL 190, consentendo una maggiore facilità di utilizzo e un maggior risparmio di spazio.
N.B. impilabili max n° 2 pezzi.

OVERLYING EXAMPLE FOR THE PL 190:
This kit will allow you to stack by mixing on behalf of your needs our PL 190, permitting an easier use and a better space saving.
NB max 2 pieces stackable

Spessore di isolamento mm. 80 / Insulation thickness 80 mm. / Epaisseur d'isolation 80 mm. / Isolierstärke 80 mm. / Espesor de aislamiento 80 mm.

Nei laboratori e per conservare speciali tipi di gelato, la bassa temperatura è spesso essenziale. Se volete preservare il pesce per il sushi, basse temperature stabili sono la migliore garanzia per mantenere una alta qualità. La gamma ELVT di Cold Master offre temperature di -45°C per freezer da 133 a quasi 500 lt. La temperatura è tenuta ad un livello costante e può essere facilmente monitorata sul display digitale. La centralina può essere programmata ed offre inoltre la possibilità di aggiungere un allarme esterno. L'isolamento di 80 mm di schiuma di poliuretano assicura, in caso di mancanza di elettricità, un rialzo molto lento della temperatura. La tradizionale alta qualità Cold Master è la migliore assicurazione che potete avere.

Low temperature is often essential both in the laboratories and to conserve special kinds of ice cream. If you wish to preserve fish for Sushi, steady low temperatures are the best warranty in order to maintain a high quality. The ELVT range from Cold Master offers temperatures such as -45°C for freezers from 133 up to almost 500 Lt. The temperature is kept to a constant level and can be easily surveilled thanks to the digital display. The controller can be set and moreover it offers the possibility to add an external alarm. In case of electric blackout, the insulation of 80 mm of polyurethane foam ensures a very slow temperature rise inside. The traditional Cold Master's high quality is the best assurance you can have.

Sono da intendersi come lavorazioni speciali:
 - colore RAL, in ogni caso qualsiasi colorazione diversa dallo standard
 - frequenze (Hz) o voltaggi (V) diversi dal voltaggio di serie (che è il 230/50)
 - richiesta di apparecchi con optional
 - richiesta di personalizzazioni varie
 - macchine "SG" (macchina senza gruppo motore)
*** Contattare l'ufficio commerciale.**
Special processes are to be considered:
 - RAL color, in any case any color different from the standard
 - frequencies (Hz) or voltages (V) different from our standard (which is 230/50)
 - request for units with optional
 - request for various customizations
 - "SG" equipment (without compressor)
Please contact sales department.

	RAL

Num. TV	Numero di temperature per vetrine vino (Es. 2TV - Vetrina funzionante con 2 temperature)
BM	Bain-maire, macchina in cui le bacinelle sono scaldate a bagnomaria
COMBI-PF	Vetrina che funziona a temperatura positiva o negativa con ripiani a griglia
COMBI-PG	Vetrina che funziona a temperatura positiva o negativa con ripiani rotanti in vetro
M	Buffet con cappa motorizzata
TBS/PF	Vetrina a bassa temperatura statica con ripiani fissi evaporanti
TBV/PF	Vetrina a bassa temperatura ventilata con ripiani a griglia
TBV/PQ	Vetrina a bassa temperatura ventilata con ripiani in cristallo
TBV/PG	Vetrina a bassa temperatura ventilata con ripiani rotanti in vetro
TNV/PF	Vetrina a temperatura positiva ventilata con ripiani a griglia
TNV/PG	Vetrina a temperatura positiva ventilata con ripiani rotanti in vetro
TNV/PG-PF	Vetrina a temperatura positiva ventilata con ripiani rotanti in vetro e ripiani a griglia
TNV/PG-PQ	Vetrina a temperatura positiva ventilata con ripiani rotanti in vetro e ripiani in cristallo
TNV/PQ	Vetrina a temperatura positiva ventilata con ripiani in cristallo
TNV-PF/TBS	Vetrina a due vani. Temperatura positiva ventilata con ripiani a griglia e bassa temperatura statica con ripiani fissi evaporanti
TNV-PQ/TBS	Vetrina a due vani. Temperatura positiva ventilata con ripiani in vetro e bassa temperatura statica con ripiani fissi evaporanti
SS	Buffet Self-Service

Num. TV	Number of temperatures for each wine cabinet (Ex. 2TV - Wine cabinet performing 2 temperatures)
BM	Basins heated by bain-maire system
COMBI-PF	Display cabinet performing positive or negative temperature with wiring shelves
COMBI-PG	Display cabinet performing positive or negative temperature with rotating glass shelves
M	Buffet with motorized hood
TBS/PF	Static display freezer with fixed evaporating shelves
TBV/PF	Ventilated display freezer with wiring shelves
TBV/PQ	Ventilated display freezer with crystal shelves
TBV/PG	Ventilated display freezer with rotating glass shelves
TNV/PF	Ventilated display chiller with wiring shelves
TNV/PG	Ventilated display chiller with rotating glass shelves
TNV/PG-PF	Ventilated display chiller with rotating glass shelves and wiring shelves
TNV/PG-PQ	Ventilated display chiller with rotating glass shelves and crystal shelves
TNV/PQ	Ventilated display chiller with crystal shelves
TNV-PF/TBS	Display with 2 rooms. Display chiller with wiring shelves + display freezer with fixed evaporating shelves
TNV-PQ/TBS	Display with 2 rooms. Display chiller with crystal shelves + display freezer with fixed evaporating shelves
SS	Buffet Self-Service

ORDINI

Non vengono accettati ordini se non per iscritto. La vendita si perfeziona esclusivamente con l'accettazione dell'Azienda ovvero tramite consegna.

PREZZI

I prezzi indicati sulle offerte e/o listini potranno subire variazioni fino alla data di fatturazione qualora intervengano variazioni del regime doganale, fiscale o comunque a seguito di cause di forza maggiore, senza che il committente possa in alcun modo eccepirvi.

I prezzi sono da intendersi franco ns. magazzino, imballo incluso salvo diverse pattuizioni. Eventuali sconti sul prezzo di listino potranno essere accordati in funzione della durata della garanzia e della possibilità del committente di farsi carico della assistenza post vendita.

PAGAMENTI

Il pagamento dovrà essere effettuato conformemente alle condizioni riportate nella conferma d'ordine e/o in fattura.

In caso di ritardato pagamento decorreranno gli interessi commerciali d'uso nel nostro settore produttivo o stabiliti dalla legge (D.lgs. 9.10.2002 n. 231).

RESI

Non si accetta merce di ritorno senza l'esplicito consenso di TECFRIGO S.p.A. ed in tal caso tutte le spese di spedizione saranno a carico del cliente. Non sarà accettata merce senza l'imballo originale e sarà inoltre applicata sul valore della merce una deduzione del 20% (con un minimo di euro 180,00) a copertura di ulteriori spese relative al ritorno della merce.

CONSEGNE

I termini di consegna non sono né impegnativi né tassativi per la venditrice. Il committente non potrà pertanto in nessun caso revocare l'ordine o esigere risarcimenti di sorta per eventuali danni diretti o indiretti conseguenti a ritardo nelle consegne.

La merce viaggia a rischio e pericolo del committente. In caso di danni subiti dalla merce nel corso del trasporto, ogni responsabilità ricade sul vettore al quale il committente dovrà rivolgere le sue contestazioni.

GARANZIA

I prodotti venduti con il nostro marchio di fabbrica sono garantiti per un periodo di 12 (dodici) mesi dalla data di fatturazione.

La garanzia è valida solo nei confronti dell'acquirente originario e non contempla la sostituzione dell'apparecchiatura, ma consiste nella fornitura gratuita delle parti che, ad insindacabile giudizio della TECFRIGO S.p.A., risultassero difettose.

I pezzi di ricambio sostituiti in garanzia saranno regolarmente fatturati.

I materiali risultanti difettosi e quindi sostituiti in garanzia restano di proprietà della TECFRIGO S.p.A. e devono essere restituiti alla venditrice.

Le eventuali spese di trasporto relative alla restituzione a TECFRIGO S.p.A. dei materiali sostituiti in garanzia saranno a carico dell'acquirente.

Le spese di trasporto relative alla spedizione dei pezzi di ricambio necessari alle riparazioni in garanzia saranno a carico dell'acquirente.

Al momento del ricevimento dei pezzi di cui è stata chiesta la sostituzione, si provvederà ad emettere relativa nota di accredito dopo che TECFRIGO S.p.A. avrà accertato la difettosità dei pezzi.

La mancata restituzione del materiale difettoso, entro il termine di 30 (trenta) giorni decorrente dalla consegna dei ricambi, comporterà l'impossibilità di procedere con l'accredito e per tanto rimarrà fatturata a carico dell'acquirente.

Il nostro obbligo è subordinato alla denuncia entro 8 (otto) giorni dalla consegna dei vizi, della mancanza di qualità e dei difetti immediatamente riscontrabili alla consegna, ed alla denuncia entro 2 (due) mesi dalla data di ricevimento della merce dei vizi occulti non immediatamente riscontrabili al ricevimento della merce. Il cliente è tenuto a controllare con ogni possibile diligenza la merce ricevuta. In deroga a quanto sopra, non sono coperti da garanzia illuminazione/lampadine, rivestimenti esterni, parti in vetro, plastiche, gomma e trasformatori. TECFRIGO S.p.A. non è soggetta all'obbligo della garanzia per avarie e inefficienze derivanti da qualsiasi causa non imputabile a TECFRIGO S.p.A., come ad esempio: da errata

installazione, manomissione, modifiche e riparazioni eseguite da personale non autorizzato per iscritto da TECFRIGO S.p.A., da deterioramento del materiale dovuto all'azione corrosiva di detersivi ed additivi non adatti, da cattiva manutenzione e imperizia nell'uso, da portata insufficiente e anormale degli impianti elettrici, idrici, dei gas o del vapore, da tensione irregolare delle linee elettriche, acque dure e ferruginose, da trascuratezza ed incapacità dell'utente, utilizzo di ricambi non originali, inosservanza del libretto "Uso e Manutenzione", uso improprio dell'apparecchiatura.

TECFRIGO S.p.A. non sarà tenuta a rispondere dei ritardi negli interventi di garanzia, né sarà tenuta a risarcire gli eventuali danni, diretti od indiretti, derivanti dagli eventuali vizi o difetti delle apparecchiature fornite, in deroga all'art. 1494 C.C.. Lo sconto che TECFRIGO S.p.A. riserva ai suoi clienti tiene conto del servizio di assistenza post vendita (manodopera ed eventuale trasferta) che il Committente deve garantire al Suo cliente durante, ed eventualmente dopo, il periodo di garanzia. Se eventuali riparazioni in garanzia dovessero essere eseguite, a giudizio di TECFRIGO S.p.A., presso il proprio Stabilimento, saranno a carico del Committente le sole spese per il trasporto delle apparecchiature da riparare. Per tutte le apparecchiature oggetto della garanzia, eventuali ritardi nella prestazione del servizio non daranno comunque diritto alla sospensione dei pagamenti. In caso di ritardo nei pagamenti o di insolvenza parziale del Committente, TECFRIGO S.p.A. sarà esonerata dall'obbligo della garanzia. La garanzia vale se l'apparecchio è installato sul territorio italiano.

È escluso il risarcimento per la perdita totale o parziale della merce conservata nell'apparecchio, qualunque sia la causa che la determina.

COLLAUDO

Gli apparecchi sono collaudati dall'Azienda alle temperature e umidità relative indicate nel presente catalogo.

La venditrice declina ogni responsabilità di qualsiasi natura ove l'utilizzo avvenga con l'inservanza dei dati indicati.

INADEMPIENZA

La merce oggetto della fornitura resta di proprietà della venditrice fino all'integrale pagamento della stessa.

Contestazioni o denunce della merce non danno diritto a sospendere o ritardare i pagamenti.

FORO COMPETENTE

Per qualsiasi controversia dovesse derivare dalla vendita, si conviene la competenza esclusiva del foro di Reggio Emilia.

I prezzi indicati sul presente listino possono essere variati in qualsiasi momento senza preavviso. Caratteristiche tecniche, disegni, illustrazioni, pesi e dimensioni per quanto siano esposti con la maggior cura possibile non impegnano il costruttore; anche le caratteristiche di rendimento non costituiscono un impegno assoluto per la Tecfrigo SpA, ma sono da considerarsi indicazioni generali. La Tecfrigo SpA si riserva il diritto di apportare modifiche sia ai materiali che ai modelli senza dare alcun preavviso.

L'innovazione e la ricerca portano a continue modifiche sui prodotti, pertanto il tipo di gas indicato sul presente catalogo, potrebbe non corrispondere a quello effettivamente presente al momento della vendita. **Nel caso in cui si volesse rivestire un articolo o collocarlo in vani da ricavare, inserimenti in arredamenti o nicchie, ecc., Vi invitiamo a chiedere la scheda tecnica per avere le misure esatte del prodotto, così da lasciare liberi eventuali spazi per garantirne il perfetto funzionamento.** Gli ingombri riportati su catalogo/listino sono misure per la libera installazione dei prodotti. Inoltre per il calcolo esatto dei consumi per la predisposizione di eventuali impianti elettrici, consultare le schede prodotto fornite su richiesta dai nostri uffici.

DECLINIAMO OGNI RESPONSABILITÀ PER L'INOSSERVANZA DI TALI SUGGERIMENTI.

I NOSTRI PRODOTTI SONO DA INTERNI - NON INSTALLARE ALL'ESTERNO DEI LOCALI/NEGOZI.

* Per quanto non riportato nel presente "Estratto", fa fede la versione integrale delle *Condizioni Generali di Vendita*.

ORDERS

Written orders only are accepted.

This proposed contract is binding for the client; for "Tecfrigo SpA" it is only after the written acceptance of the same by its legal representative, or by the direct execution of the equipment through delivery.

PRICES

Prices are all intended net and excluding vat; including standard packing.

Prices are intended ex-works, if not explicitly indicated.

Accessories are not included, if not explicitly indicated.

The price shown on the invoice will be the same as the one in the order acknowledgment, except from different conditions agreed in written form.

PAYMENTS

Bank transfer in advance prior the goods being released to your appointed forwarder, unless different agreements or according to any agreements.

RETURNS

Returns of equipment are not admitted

Any exception will have to be authorized in written form by Tecfrigo SpA, all the costs deriving from the return will be on customer charge and calculated case by case.

DELIVERY

All deliveries are ex-works (incoterms®, latest version edited by ICC), un-cleared, visa unpaid.

Delivery date: any time or date of collection is approximate and not binding.

Any probable delay due to force majeure (eg., strikes, serious weather events etc..) or generated by any obstacle, in no way imputable to Tecfrigo SpA, relieves the company itself from any refund for direct or indirect damages.

The goods are considered delivered to the purchaser, when they are released to the carrier or freight forwarder or to whomever has the responsibility to take possession of them. The goods travel at purchaser own risk even when they are transported by Tecfrigo SpA or shipped at free port: the purchaser will not have the possibility to object to prices or transport means cheaper than those used.

WARRANTY

Please refer to the general sales conditions available in www.tecfrigo.com

OFFRES ET COMMANDES

On accepte que commandes écrites

Ce proposition de contrat est obligatoire pour le client; pour "Tecfrigo SpA" il est seulement après l'acceptation écrite de la même par le représentant légal, ou par l'exécution directe par la livraison de la marchandise.

PRIX

Tous les prix sont nets et hors TVA; y compris l'emballage standard.

Les prix sont départ usine, sauf accord contraire.

Les accessoires ne sont pas inclus, sauf indication spécifique.

Le prix de facturation sera cela dans la confirmation de commande, sauf accord contraire convenu par écrit

PAIEMENTS

Virement SWIFT bancaire à l'avance avant que la marchandise soit donné à votre transitaire enseigné, sauf accord contraire.

RETOUR DE MARCHANDISE

Aucun retour de marchandise/matériaux est accepté

Éventuelles exceptions doivent être autorisées par écrit par "Tecfrigo SpA"; tous les frais liés au retour seront à charge du client et calculées cas par cas.

LIVRAISONS

Toutes les livraisons sont départ usine (Incoterms®, dernière version publiée par la CPI), un-cleared, visa non païé.

Délai de livraison: tous les délais ou dates d'enlèvements sont approximatives et non contraignants.

TESTING (working parameters)

The equipment manufactured by "Tecfrigo SpA" are tested respecting temperature and humidity that are listed in the catalogue / price list of the equipment chosen.

Tecfrigo SpA assumes no responsibility for failure to comply with this information.

NON-FULFILLMENT

The goods remain in property of Tecfrigo SpA up to the total payment of the invoice.

Disputes or complaints don't give the right to suspend or delay the payments

LAW AND VENUE

Any disputes arising from or in connection with contracts between the Customer and "Tecfrigo SpA" that cannot be settled friendly are to be determined pursuant to Italian law. However, if the customer is resident outside the European Union the disputes must be determined pursuant to Italian law.

The price on the present price list can be changed without notice in every moment. Technical details, drawings, pictures, weights and dimensions are indicated with the greatest possible care, but they do not bind the manufacturer; the output encarcateristics details do not absolutely engage Tecfrigo SpA, because they are general indications only. Tecfrigo SpA reserves the right to make changes either in the materials or in the models without notice.

Ecology, innovation and research leading to constant changes on the products, therefore the type of gas indicated on this catalogue may not match the gas actually presents at the time of the sale. **If the item must be installed in a specific place or in a furniture, please ask to the manufacturer the technical sheet, to know the exact measures of the item and free space to leave, to ensure the proper operation of the article.**

The dimensions given in the catalogue / price-list are measures for the free installation of the products. Moreover to have the correct calculation of consumption and for the preparation of any possible electrical system, please consult technical sheet supplied from our technical department. **THE MANUFACTURER OF THE APPLIANCES ACCEPT NO RESPONSIBILITY FOR THE CONSEQUENCES OF MISUSE IN CONTRAVENTION OF THIS SAFETY INSTRUCTIONS.**

OUR PRODUCTS ARE FOR INTERNAL USE ONLY - DO NOT INSTALL OUTSIDE RESTAURANTS, SHOPS.

* For what is not reported in this "Extract", the full version of the "General Sale Conditions" prevails.

Tous éventuels retards dû à des raisons de force majeure (par exemple, des grèves, des interruptions du service énergétique ou d'autres services, des phénomènes météorologiques violents, etc.) ou déterminés par n'importe quel obstacle, en aucun cas imputable à "Tecfrigo SpA", exempte la Société elle-même de toute indemnisation pour des dommages directs ou indirects. Les produits sont considérés comme livrés au client quand ils sont livrés au transporteur ou à un transitaire ou à toute personne ayant la responsabilité de prendre possession de ceux-ci. Les produits voyagent au risque de l'acheteur, même si transporté par «Tecfrigo SpA» ou si envoyé en port libre: le client ne pourra pas émettre de réserves sur des prix plus bas ou des moyens de transport plus économiques de ceux qui sont utilisés.

GARANTIE

Veillez vous référer aux conditions générales de vente disponibles sur www.tecfrigo.com

TEST (paramètres de fonctionnement)

Les appareils fabriqués par "Tecfrigo SpA" sont testés en respectant la température et l'humidité qui sont indiquées dans le catalogue / liste de prix de l'appareil choisi.

"Tecfrigo SpA" décline toute responsabilité en cas de non-respect de cette information.

NON-RESPECT

Les marchandises restent de propriété de Tecfrigo SpA jusqu'au paiement total de la facture.

Les litiges ou les réclamations ne donnent pas le droit de suspendre ou de retarder les paiements.

LOI ET LIEU

Tout litige découlant de ou en relation avec des contrats entre le client et "Tecfrigo SpA" qui ne peut pas être réglé à l'amiable doivent être déterminées conformément à la loi italienne. Toutefois, si le client est domicilié en dehors de l'Union européenne, les controverses doivent être déterminées conformément à la loi italienne.

Les prix indiqués sur cette liste peuvent être changés dans tous les moments sans préavis. Caractéristiques techniques, dessins, illustrations, poids et dimensions, même s'ils sont exposés avec le plus grand soin possible, sont indiqués approximativement et n'engagent pas le constructeur; également les détails du rendement n'engagent absolument Tecfrigo SpA car ils sont seulement indications générales. Tecfrigo SpA se réserve le droit d'apporter modifications sur les composants et sur le modèles sans préavis. L'écologie, l'innovation et la recherche portent aux modifications continues sur les produits, donc le type de gaz indiqué sur le présent catalogue, pourrait ne pas correspondre à cet effectivement présent au moment de la vente. En cas de placement d'articles dans des cavités, des espaces, des entrées dans les meubles, etc., avant l'achat de la marchandise, nous vous prions de bien vouloir vous assurer que les dimensions de la marchandise soient

compatibles avec l'espace à votre disposition et nous vous prions de demander la fiche technique produit à notre service technique. Les dimensions indiquées dans le catalogue / tarif sont des mesures pour l'installation libre des produits. En plus le calcul exact de la consommation pour la préparation de toutes les installations électriques, consulter les fiches de données techniques disponibles sur demande auprès de nos bureaux. **NOUS DÉCLINONS CHAQUE RESPONSABILITÉ POUR L'INOBSERVATION DE NOTRE CONSEIL. NOS PRODUITS SONT CONÇUS POUR UTILISATION À L'INTÉRIEUR: NE PAS INSTALLER À L'EXTÉRIEUR DES LOCAUX/MAGASINS.**

* Pour tout ce qui n'est pas rapporté dans cet 'Extrait', la version complète des *Conditions Générales de Vente* prévaut.

ANGEBOTE UND BESTELLUNGEN

Wir nehmen nur schriftliche Bestellungen an
Der vorgeschlagene Vertrag ist verbindlich für den Kunden; für "Tecfrigo SpA" ist es erst nach der schriftlichen Annahme derselben durch den gesetzlichen Vertreter oder durch die direkte Ausführung durch Lieferung der Ware.

PREISE

Alle Preise sind netto und ohne Mehrwertsteuer; einschließlich Standard-Verpackung.
Die Preise sind ab Werk, sofern nichts anderes vereinbart wurde. 3.3 Die Zubehöre sind nicht inbegriffen, sofern dies nicht ausdrücklich angegeben ist.
Der Abrechnungspreis ist laut Auftragsbestätigung, sofern nicht anderes schriftlich vereinbart wird.

ZAHLUNGEN

Banküberweisung im Voraus bevor die Ware an Ihren zuständigen Spediteur freigegeben wird, sofern nichts anderes vereinbart wurde.

RÜCKLIEFERUNGEN

Es sind keine Rücklieferungen vorgesehen
Eventuelle Ausnahmen müssen von "Tecfrigo SpA" schriftlich genehmigt werden; Sämtliche Kosten die durch die Rückgabe entstehen, sind zu Lasten des Kunden und werden von Fall zu Fall kalkuliert.

LIEFERUNG - AUSLIEFERUNGEN

Alle Lieferungen erfolgen ab Werk, ex works (Incoterms, neueste Version von der ICC veröffentlicht), ungeklärt, Visa unbezahlt.
Liefertermine: die Lieferfrist ist ungefähr angegeben und ist nicht unverbindlich.
Eine eventuelle Lieferverzögerung aufgrund höherer Gewalt (zB Streik, mit Unterbrechungen von Energiedienstleistungen, ernste Ereignisse, Unwettern, etc.) oder durch irgendein Hindernis bestimmt, dass in keiner Weise zuzurechnen ist an "Tecfrigo SpA", befreit dieselbe von Entschädigungen durch direkte oder indirekte Schäden.
Die Produkte sind betrachtet als an dem Kunden geliefert, wenn diese an den Spediteur oder Frachtführer oder jede andere Person, die die Verantwortung in Besitz zu nehmen hat, geliefert sind. Die Produkte reisen auf Risiko des Kunden, auch wenn die "Tecfrigo SpA" selbst transportiert oder Frachtfrei ausgeliefert: Der Kunde kann nicht einen preisgünstigeren Transport erfordern, als den schon verwendeten.

GARANTIE

Bitte beachten Sie die allgemeinen Verkaufsbedingungen auf www.tecfrigo.com

OFERTAS Y PEDIDOS

Sólo se aceptan pedidos por escrito.
Esta propuesta de contrato es vinculante para el Cliente; sólo es vinculante para "Tecfrigo SpA" después de la aceptación por escrito de la misma por el representante legal de la Empresa, o mediante la ejecución directa de la mercancía por medio de la entrega.

PRECIOS

Todos los precios se entienden netos y sin IVA; incluyendo el embalaje estándar.
Los precios se entienden franco nuestro establecimiento, salvo diferentes concordancias.
Los accesorios no están incluidos, a menos que indicado específicamente.
El precio de facturación estará en la confirmación del pedido, a menos que otros acuerdos establecidos por escrito.

PRUEFUNG (Betriebsparameter)

Die Geräte produziert von "Tecfrigo SpA" sind getestet unter Beachtung der Temperatur und Feuchtigkeit, die im Katalog / Preisliste aufgeführt sind.
Die "Tecfrigo SpA" übernimmt keine Verantwortung für die Nichteinhaltung dieser Information.

NICHTEINHALTUNG

Die Ware bleibt bis zur vollständigen Bezahlung der Rechnung im Eigentum von Tecfrigo SpA.
Streitigkeiten oder Beschwerden berechtigen nicht zur Aussetzung oder Verzögerung der Zahlungen.

GESETZ UND ORT

Alle Streitigkeiten aus oder im Zusammenhang mit Verträgen zwischen dem Kunden und "Tecfrigo SpA", die nicht gütlich beigelegt werden können, sind nach italienischem Recht zu bestimmen. Ist der Kunde jedoch außerhalb der Europäischen Union ansässig, so sind die Streitigkeiten nach italienischem Recht zu bestimmen.

Die auf dieser Preisliste angegebene Preise, können jederzeit, ohne Benachrichtigung geändert werden, Technische Angaben, Zeichnungen, Bilder, Gewichte und Maße, auch wenn sorgfältig dargelegt, sind annähernd angegeben und sie verpflichten den Hersteller nicht. Auch die Leistungseigenschaften stellen für TecfrigoSpA keine einschiedene Verpflichtung dar und sind als rein allgemeine Angaben zu betrachten. TecfrigoSpA behält sich das Recht vor, sowohl an den Materialien, als auch den Modellen, ohne vorherige Benachrichtigung Änderungen vorzunehmen.

Die Ökologie, Innovation und Forschung, führen auf ständigen Veränderungen auf den Produkten, diesbezüglich die sämtliche Gas Typen die auf diesem Katalog angegeben sind, können im Moment des Verkaufs nicht die gleichen sein. **Im Falle unsere Produkte eingebaut werden müssen, bitte verlangen Sie ein Datenblatt mit exakten Abmessungen des Artikels und lassen Sie genügend Platz rundum damit es ordnungsgemäß funktionieren kann.** Die im Katalog / Preisliste angegebenen Maße sind für die alleinstehende Installation der Produkte. Ausserdem fuer die genaue Bestimmung von Energieverbräuchen und für die Vorbereitung von elektrischen Anlagen, müssen Sie unsere Produktdatenblätter an unseren Büros anfordern. **WIR LEHNEN JEDE VERANTWORTUNG FÜR DIE NICHTEINHALTUNG DIESER VORSCHLÄGE AB. UNSERE PRODUKTE EIGNEN SICH FÜR INNENRÄUME - NICHT IM AUSSENBEREICH VON RÄUMEN/GESCHÄFTEN ANBRINGEN.**

* Für alles, was in diesem „Auszug“ nicht aufgeführt ist, gilt die *Vollversion der Allgemeinen Verkaufsbedingungen*.

PAGOS

Transferencia bancaria por adelantado, antes de dejar las mercancías al transportista designado, a menos que se acuerde otra cosa.

DEVOLUCIONES

No hay devoluciones / regresos de material.
Cualquier excepción debe ser autorizada por escrito por "Tecfrigo SpA"; todos los gastos derivados de la devolución serán a cargo del cliente y se calculan de vez en cuando.

ENTREGA

Todas las entregas se entienden franco nuestro establecimiento (incoterms®), última versión publicada por la ICC), no despachado visto no pagado.

Fecha de entrega: cualquier momento o fecha de recogida es aproximada y no vinculante. Cualquier posible retraso por fuerza mayor (por ejemplo, las huelgas, las interrupciones en los servicios de energía y administración, los fenómenos meteorológicos severos, etc.) o determinados por algún impedimento, de ninguna manera, es atribuible a "Tecfrigo SpA". La Empresa está exenta de cualquier indemnización por daños directos o indirectos. Los productos se consideran entregados al Cliente cuando se entregan al transportista o a cualquier persona que tiene la responsabilidad de tomar posesión de los bienes. Los productos se transportan a riesgo del Cliente, incluso si transportados por "Tecfrigo SpA" o enviados en puerto libre: el Cliente no puede alegar excepción la posibilidad de precios o medios de transporte más baratos de los que se utilizan.

GARANTÍA

Por favor, consulte las condiciones generales de venta disponibles en www.tecfrigo.com

PRUEBAS (parámetros de funcionamiento)

Los productos fabricados por "Tecfrigo SpA" se prueban respetando la temperatura y la humedad que se enumeran en la lista de catálogos / tarifas del producto elegido.

La "Tecfrigo SpA" no asume ninguna responsabilidad por el incumplimiento de esta información.

INCUMPLIMIENTO

Los bienes permanecen en propiedad de Tecfrigo SpA hasta el pago total de la factura.

Las disputas o quejas no otorgan el derecho de suspender o retrasar los pagos.

DERECHO Y LUGAR DE COMPETENCIA TERRITORIAL

Las controversias que surjan de o en relación con contratos entre el Cliente y "Tecfrigo SpA"

que no puedan ser liquidados de manera amistosa, se determinarán de conformidad con la legislación italiana. Sin embargo, si el cliente está domiciliado fuera de la Unión Europea, los litigios deben ser determinados de conformidad con la legislación italiana.

Los precios indicados en la presente tarifa pueden ser variados en cualquier momento sin dar previa comunicación. Características técnicas, dibujos, ilustraciones, pesos y medidas aunque aquí sean expuestos con el mayor cuidado posible son aproximativos y, no generar obligación alguna para el fabricante, inclusive las características de rendimiento no constituyen obligación para Tecfrigo SpA debiéndose considerarse como indicaciones de máxima. Tecfrigo SpA se reserva el derecho de aportar modificaciones a sea de materiales que de modelos, sin tener que dar previo aviso.

Ecología, innovación y investigación llevan a continuas modificaciones en los productos, por lo que el tipo de gas indicado sobre este catálogo podría no ser correspondiente a lo efectivamente presente al momento de la venta. **En el caso de la colocación de nuestros artículos en compartimentos específicos o entre muebles, por favor ponerse en contacto con el fabricante para recibir la ficha técnica donde se pueden leer las medidas exactas de la unidad y el espacio que se debe dejar libre, para garantizar el buen funcionamiento del artículo.** Las dimensiones indicadas en el catálogo/lista de precios son medidas para la instalación libre de los productos. Además, para obtener el cálculo exacto del consumo, para la preparación de las instalaciones eléctricas, consulte la ficha de los productos. **NOSOTROS DECLINAMOS TODA RESPONSABILIDAD POR EL INCUMPLIMIENTO DE ESTAS SUGERENCIAS. NUESTROS PRODUCTOS SON PARA EL INTERIOR, NON INSTALARLOS EN EL EXTERIOR DE LOS LOCALES/TIENDAS.**

* Para todo lo que no se haya informado expresamente en el presente "Extracto", se hará referencia a la versión completa de las *Condiciones Generales de Venta*.

L'ETICHETTA ENERGETICA EUROPEA:

Il 1 luglio 2016 è entrata in vigore la normativa europea obbligatoria, Ecodesign (Regolamento EU 2015/1094) e Energy Labelling (Regolamento EU 2015/1095), relativa alla prima etichetta di classificazione energetica europea per gli armadi frigoriferi/congelatori e basi refrigerate vendute all'interno dell'Unione Europea. Importante: le gamme per le quali non è indicata la classe di efficienza energetica e i prodotti classificati N/A sono esclusi dall'etichetta energetica europea secondo il Regolamento EU 2015/1094 - Articolo 1, Oggetto e campo di applicazione.

THE EUROPEAN ENERGY LABEL:

On 1st July 2016 came into force the compulsory European Regulation, Ecodesign (EU Regulation 2015/1094) and Energy Labelling (EU Regulation 2015/1095) regarding the first European energy classification label for professional vertical/counter refrigerated storage cabinets sold inside the European Union. Important: the ranges for which is not indicated the European energy classification label and the product codes listed as N/A are excluded from the European energy classification label according to EU Regulation 2015/1094 - Article 1, Subject matter and scope.

L'ETIQUETTE ENERGETIQUE EUROPEENNE:

Le 1er Juillet 2016 est entrée en vigueur la norme européenne obligatoire, Ecodesign (Règlement UE 2015/1094) et Energy Labelling (Règlement UE 2015/1095), relative à la première étiquette de classification énergétique européenne pour les armoires réfrigérées/congélateurs, verticaux et/ou horizontaux professionnels vendus à l'intérieur de l'union

européenne. Important: les gammes pour lesquelles la classification énergétique européenne n'est pas indiquée et les codes avec N/A sont exclus de l'étiquette énergétique européenne selon le Règlement UE 2015/1094 - Article 1, Objet et champ d'application.

DAS EUROPÄISCHE ENERGIE-LABEL:

Am 1. Juli 2016 sind die verpflichtenden europäischen Rechtsvorschriften Ecodesign (EU-Verordnung 2015/1094) und Energy Labelling (EU-Verordnung 2015/1095) in Kraft getreten, die das erste europäische Energieeffizienz-Klassifizierungszeichen für gekühlte / tiefgekühlte Schränke betreffen innerhalb der Europäischen Union. Wichtig: die Bereiche, für die die Energieeffizienzklasse nicht angegeben ist, und Produkte, die als N/A klassifiziert sind, sind vom europäischen Energielabel gemäß EU-Verordnung 2015/1094 - Artikel 1, Betreff und Anwendungsbereich – ausgeschlossen.

LA ETIQUETA ENERGÉTICA EUROPEA:

El 1 de julio de 2016 entró en vigor la directiva europea obligatoria, Ecodesign (Reglamento UE 2015/1094) y Energy Labelling (Reglamento UE 2015/1095), relativa a la primera etiqueta de clasificación energética europea para armarios frigoríficos/congeladores y mesas refrigeradas, vendidos dentro de la Unión Europea. Importante: las gamas para las que no se indica la clase de eficiencia energética y los productos clasificados como N/A se excluyen de la etiqueta energética europea de acuerdo con el Reglamento UE 2015/1094 - Artículo 1°. Objeto y Campo de Aplicación.
